

BRITISH COLUMBIA MINING FLOW-THROUGH SHARE TAX CREDIT

Complete this form to calculate your BC mining flow-through share (BC MFTS) tax credit. You can claim this credit if you received Information Slip T101, *Statement of Resource Expenses*, or T5013A, *Statement of Partnership Income for Tax Shelters and Renounced Resource Expenses*, with an amount in box 141.

Attach a copy of this form and Information Slip T101 and/or T5013A to your paper return. If you are filing electronically, keep all your documents in case we ask to see them. You must claim your BC MFTS tax credit no later than 12 months after your filing due date for the tax year for which you received an Information Slip T101 or T5013A.

The BC MFTS tax credit is 20% of BC flow-through mining expenditures renounced to an individual by a corporation under a flow-through share agreement entered into after July 30, 2001. The expenditures must have been incurred, or deemed by subsection 66(12.66) of the federal *Income Tax Act* to have been incurred before January 1, 2014.

The credits you earned in the year are used to reduce your British Columbia tax payable for that year. Any unused amounts can be carried forward for ten years or carried back for three years.
